YELLOWRIVER

YR-W480M (0.5Wx480PCS Mute Conference Light)

This is our latest design for the mute conference light, it has the following advantage:
*Over-temperature protection: When temperature up to 80°C, power consumption will reduce .
*Real-time monitoring: light source temperature and signal display can be monitored.
*A luminum shell + fine sand wear-resistant spray paint.

Feature:	◎Newest design
	◎Slient, no fan
	◎Standard linear dimming

Electrical	voltage	110V ~ 240V
	power consumption	250W
Light source	LED	0.5W*480pcs 240PCS*0.5W Warm White 3200K +240PCS*0.5W Pure White 5600K
Control mode	DMX512	√
